

Tred-MOR[®]

Carpet Cushion

Guardian[™] Antimicrobial

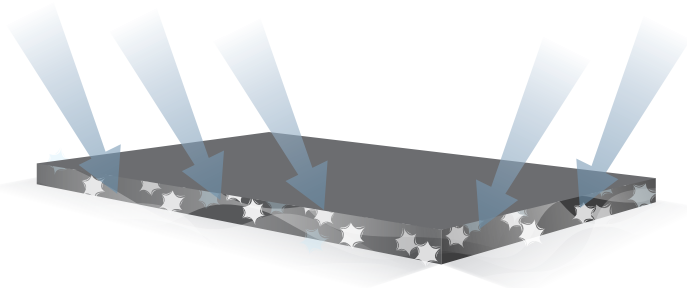

Helps protect your floor covering from life's little messes.

Rather than being featured as simply a top layer, Guardian[™] antimicrobial is actually infused into your carpet cushion, providing fail-safe and long-lasting protection against mold, mildew, and odor-causing bacteria.

Protect your carpet investment and keep your home clean with a carpet cushion infused with Guardian.

- Inhibits the growth of mold, mildew, and odor-causing bacteria
- Antimicrobial keeps microorganisms from growing in the cushion
- EPA-registered antimicrobial treatment
- Hypoallergenic and safe for the home
- Protection throughout the cushion
- Treatment lasts for the life of your cushion
