

FUNDAMENTALLY GREEN

Leggett & Platt's Advanced Comfort System brings three choices of environmentally friendly carpet cushion to your home. Whether you select Microblend, which is made with 100% recycled materials and is also 100% recyclable, or if you go with Rubber XD or DuraPlush, which are 100% recyclable, we've given you a way to ensure that your choice has minimal impact on the environment. All three options contribute toward LEED® green building credits.

Leggett & Platt® Carpet Cushion

ADVANCED COMFORT SYSTEM®

 **ADVANCED**
COMFORT SYSTEM® CUSHION

Triple
Protection

The comfort in your carpet.

Don't underestimate the importance of quality carpet cushion while you're selecting your carpet. Carpet cushion gives you a comfortable feel underfoot, and also enhances the appearance and long-term performance of your carpet. Leggett & Platt carpet cushion will help carpet retain its quality appearance for a longer period of time. And while the continued quality of carpet is something that can be seen, the comfort benefits of cushion are something that can be felt. **So see and feel the benefits of Leggett & Platt carpet cushion.**

Not only does Leggett & Platt's Advanced Comfort System® enhance comfort and add durability, it also protects. You can't do better than its unprecedented three protective layers, or **Triple Protection, including a special Block-Out® moisture barrier, as well as Fresh Dimension® antimicrobial**, which **inhibits the growth** of mold, mildew, and odor-causing bacteria. And there are more benefits. It insulates your home for better energy efficiency and reduced noise, is hypoallergenic, and CRI Green Label Plus-certified for the indoor air quality of your home.

Our ACS series is made up of three families of premium carpet cushions.

Microblend®

- Made of blended urethane foam, Microblend provides ultimate support and luxurious feel
- Densely packed Microblend particles provide maximum comfort and durability

Triple Protection: Block-Out® moisture barrier, Fresh Dimension antimicrobial inhibits the growth of mold, mildew, and odor-causing bacteria, and activated carbon for odor protection

Rubber XD®

- Made of extra-durable synthetic rubber, Rubber XD enhances the life of your carpet
- XD technology provides a plush, pliable feel underfoot for support and comfort

Triple Protection: Block-Out® moisture barrier, Fresh Dimension®, and a thermo-reinforced bottom barrier for additional protection

DuraPlush®

- Made of engineered urethane foam, DuraPlush ensures a long-lasting durability
- DuraPlush offers superior cushioning and a rich fullness to your carpet

Triple Protection: Block-Out® moisture barrier, Fresh Dimension®, and a bottom moisture barrier for additional protection

Additionally, each of our ACS options is:

- Hypoallergenic and CRI Green Label Plus-certified for indoor air quality
- Protected by a Life-of-the-Home warranty with additional StairGuard™ protection
