The comfort in your carpet.

Don't underestimate the importance of quality carpet cushion while you're selecting your carpet. Carpet cushion gives you a **comfortable feel underfoot**, and also enhances the appearance and long-term performance of your carpet. Leggett & Platt carpet cushion will help carpet retain its quality appearance for a longer period of time. And while the continued quality of carpet is something that can be seen, the **comfort benefits of cushion** are something that can be felt. So see and feel the benefits of Leggett & Platt carpet cushion.

Not only does carpet cushion enhance comfort and add durability, it also **insulates your home for better energy efficiency and reduces noise**. And there are more benefits. Leggett & Platt's Standard Series of carpet cushion is **hypoallergenic** and Green Label-certified for the indoor air quality of your home.

Our Standard Series is made up of two families of quality carpet cushions.

Bonded

- Created with bonded urethane foam, Bonded provides comfort and longer carpet life

Fiber

- Made of synthetic fiber, Fiber enhances the feel of your carpet and provides durability

Additionally, each of our Standard Series options is hypoallergenic and Green Label-certified for indoor air quality and offers a warranty.
