

## FRESH DIMENSION®

Next-level antimicrobial protection for your carpet cushion and hard-surface underlayment

Leggett & Platt's **Fresh Dimension**® antimicrobial is infused into your carpet cushion and hard-surface underlayment, providing fail-safe and long-lasting protection against mold, mildew, and odor-causing bacteria. Protect your flooring investment and keep your home clean with **Fresh Dimension**®-infused cushioning and underlayment.

- Inhibits the growth of mold, mildew, and odor-causing bacteria
- Antimicrobial keeps microorganisms from growing in the carpet cushion and hard-surface underlayment
- EPA-registered, hypoallergenic, and safe for the home
- Protection throughout the carpet cushion and hard-surface underlayment
- Treatment lasts for the life of your carpet cushion and hard-surface underlayment
