Where your carpet's comfort comes from.

Flooring is an extension of your home – it's where you play with your pets, watch TV, and play games with your children or grandchildren. When buying a new carpet, don't forget about the importance of a quality carpet cushion. Selecting the right carpet cushion can increase the comfort and longevity of your carpet. By providing support and absorbing shock, carpet cushion keeps your carpet looking and feeling great longer. And a high-quality carpet cushion can even help keep your home clean and free from pests.

For superior comfort and performance, look no further than Scotchgard™ Plus and Scotchgard™ Premium carpet cushion.

FUNDAMENTALLY GREEN

Leggett & Platt's Scotchgard™ carpet cushion line brings two choices of environmentally friendly carpet cushion to your home. Whether you select Plus, which is made with 100% recycled materials and is also 100% recyclable, or Premium, which is 100% recyclable, we've given you a way to ensure that your choice has minimal impact on the environment. Both options contribute toward LEED® green building credits.
